DI claims they are Raleigh's best kept secret, and I'd have to agree. The banquet hall is beautiful, huge and makes for the perfect reception setting. It turned out to make for a great ceremony setting too because the sky opened up 30 minutes before my wedding and torrential rain kept us inside. We did get some great photos done outside in the beautiful gardens before the ceremony, but Anne Caspar and her staff worked so hard to make sure my ceremony would still go off without a hitch. With 40 minutes to go before start time, they created a beautiful setting inside for me and my husband to be married in.

Anne, the owner, really does care about your wedding and that you're happy. It's too bad she didn't have some magical spell to keep the sun shining that day, but regardless, my wedding was beautiful.

We would like to personally thank the owner's, Anne and Richard Caspar and the entire staff for all of their hard work, patience, honesty, and kindness throughout this year as we planned the wedding of our dreams. There were so many bumps in the road, but Anne and her staff made us always feel calm and relaxed and solved every minor and major detail. When the weather called for rain on the day of our wedding which was to be held at their other wedding venue, Hidden Have Farm House and Gardens, she recommended a tent be put up over the ceremony and reception, and when we were not able to afford the tent over the reception they offered Delightful Inspirations Ballroom as an alternative for the

reception at no extra charge to us, free shuttle service between the two places for our guests, and went above and beyond our expectations. Anne, Richard, and their entire staff turned the ballroom into something so romantic and beautiful, it is beyond words, and we truly feel blessed and lucky to have come into contact with such wonderful and honest people. It may have rained that day, no let us rephrase it poured that day, but the sun was shining in our hearts and our spirits that day, and we owe a big part of that feeling to the owners and staff of our venue. If you decide on a venue, you will be lucky and blessed to book with this wonderful and lovely group of people and your day will be as wonderful as ours was. Thank you and we miss you already.

Our wedding/reception was held at Delightful Inspirations and it was a truly magical day. We wanted a retro look and Ann and her staff worked with us to make it happen. My mom, sisters, and I worked with Ann and the staff for about a year in panning the wedding. They could not have been more flexible and accommodating. My sister, my wedding planner, lives out of town and they would let her come and look at arrangements and make plans with them whenever she was in town. They totally worked around her schedule rather than us working around their schedule. They worked with us for the perfect table arrangements, flowers, menu, and cake, just about everything. They don't charge for every little detail (linens, china, etc) like most places do. There were no hidden costs at all. Shortly, after planning the menu I was hospitalized as a result of food allergies. They quickly worked with me to revise the menu and even served me a special plate at the reception so I knew that nothing contained anything that I was now allergic to. They were so accommodating in working with me and made me feel so safe and comfortable. The night of the ceremony, Ann was wonderful. It was in the high 90's that day and she let our guests stay inside until the ceremony was about to start, so I could have my outside wedding without having to worry about the guests being in the direct sun too long. The reception was wonderful and the food, the drinks and the service was

terrific. There was not a hitch the entire night. The DJ that they recommended was wonderful and kept the activities flowing. My parents loved that they could enjoy the wedding/reception without worrying about any details that night. Their staff took charge of everything from the time we arrive to the time we departed. The night could not have been any better. I highly recommend this place – it will leave you with a wonderful wedding and reception to remember.

Jason Caspar was a pleasure to work with while planning our wedding. He responded to our millions of emails of questions quickly and was very flexible with working with us when we came into town. Jason was very helpful in assisting us with cutting costs with the wedding. Everything was included, center pieces, linens, food, drinks, wait staff, ceremony in the gardens. All we had to take care of was a DJ, photographer, coordinator, flowers, and officiant for the ceremony.

During the wedding Jason made sure that everything was going as we wished, if we needed more food, drinks etc. The food he made for the reception was delicious! Amazing service and cooking from Jason. Thank you so much for making our night, a night to remember!

It was a pleasure to work with Jason and his staff. They are professional, friendly and will do everything an anything to accommodate you and your guests. We used DI for our ceremony and reception. The gardens were beautiful and made our ceremony special for us because my husband and I are outdoor people. The reception room is spectacular. The layout and décor is perfect and you can create so many looks to reflect your personality. Overall service was great. The food is excellent. Jason takes pride in what he does and that shows. Our

wedding was perfect in all ways and we owe all that to DI and their staff. We knew from the first time when we met Jason and his mother that this would be the place for our wedding and we have no regrets. They made us feel welcome and special in all ways. In our book DI is an A+

I had my wedding on June 7, 2008 at Hidden Haven Farm in Apex, NC. I was an out of town bride and Jason and his staff made it so very easy for us to make changes and additions with no fuss. The home was beautiful and my special day was one I will remember for the rest of my life. We had use of the rooms in the home and the grounds which were impeccable. In my mind, when I pictured my wedding day, Hidden Haven was exactly what I pictured. The Outdoors was quiet and classy. I cannot thank Jason and family enough for everything they did for us. It was perfect.

I am so glad that I picked Delightful Inspirations for my wedding. It was perfect. We used the outside garden for the ceremony and the pictures afterwards were amazing because the garden was so pretty and the inside was just as beautiful. It is very large which appealed to me because I had been to so many weddings where I was cramped. The catering was delicious. Overall, it was an awesome experience and I would recommend it to anyone!

I had a wonderful experience with my wedding reception at Delightful Inspirations - the venue was decorated SO beautifully, exactly to my vision. The

food was amazing. The reception was fantastic. Have recommended them to friends since!

I officiated a wedding at Delightful Inspirations last fall for Dallas and Allison that had to be moved inside because of rain. The staff there was right on it, accomplishing the feat smoothly and creating a lovely setting at the last minute as well. Also the bride's father was very ill and the staff was very careful and considerate to make sure that he had what he needed to be able to attend his daughter's wedding with dignity. I was impressed with their care and professionalism. Besides, the food was great. They prepared a 'to go' plate for me since I had to leave before the reception. Another thoughtful touch.

Reverend Kayelily Middleton

I have done many weddings at Delightful Inspirations and always found it to be a great venue for a wedding and reception. It is so nice to have both in the same place and know that if the weather on the wedding day is not cooperative, that is not a problem. There is a wonderful gazebo in a beautiful garden area for outdoor ceremonies. The reception hall is spacious and beautifully appointed. They also cater and the food is wonderful.

Jason and Anne Caspar are delightful to work with and I highly recommend Delightful Inspirations.
